Select Bourns® Chip Resistor Models

Advance Notice - Manufacturing Location Change

Riverside, California – October 13, 2026 – Bourns will be transferring production of select chip resistor model families to another established manufacturing facility. The new manufacturing site already manufactures similar technologies and supports Bourns products.

Product design, materials, specifications, form, fit, function, manufacturing processes, quality controls, and reliability will remain unchanged. Existing equipment, processes, and quality standards will be maintained throughout the transition.

This is a preliminary notification. A complete list of affected part numbers and implementation details will be provided shortly in the official PCN.

Affected Model Families		
CRMLF	CRMQLF	CRMALF
CRMPF	CRMQPF	CRMAPF
CRSLF	CRSQLF	CRSALF
CHVLF	CHVALF	CHVST
CHPLF	CHPQLF	CHPALF
CMPLF	CMPQLF	CMPALF
CWMQELF	CRNPF	CRE2512-DM5 and CRSDM7 *Custom parts*

Preliminary implementation dates are as follows:

Date purchase orders for production at the current location will no longer be accepted: ***2026-11-20***

Date shipments of products manufactured at the current location will cease: ***2027-02-01***

Orders placed after this date will be accepted, with shipments fulfilled from the new location. Details will be provided in the official PCN. Date of start of shipments for the new location will be provided in the official PCN.

Walter Garcia

Product Line Manager- Resistors

Daniel Picado

President, Protection Division
