Notification of Production Site Change

Dear Valued Customer,

We extend our sincere gratitude for your continued support of Panasonic. Your loyalty and dedication to Panasonic products have been vital to us.

After thorough consideration and evaluation, we would like to inform you that the production of a few parts of Conductive Polymer Tantalum Solid Capacitors (POSCAP) will be changed to be produced both in Japan and Indonesia. We assure you that the specifications of the products will remain consistent.

We understand that this decision may cause inconvenience, and we apologize for any disruption it may bring to your operations. Our team is committed to minimizing any potential impact and assisting you throughout this transition.

Below are the details of the affected products:

Affected Product	16TQC47MYFB, 25TDC100MD3, 25TQC100MD3, 35TQC10MYFB, 35TQC10MXB	
Reason for Change	To ensure supply stability	
Production Site(s) Before Change	Device Solutions Business Division Saga (Japan)	
Production Site(s) After Change	**Main: PT. Panasonic Industrial Components Indonesia (Indonesia)** Secondary: Device Solutions Business Division Saga (Japan)	
Shipping Label (Sample)	Current Label (Japan)  	After Change (Indonesia) Schedule	Shipment from January 1, 2027	

We encourage you to reach out to us with any questions or concerns you may have regarding this announcement. Your satisfaction remains our top priority, and we are here to support you in finding suitable alternatives or addressing any challenges you may encounter.

Thank you for your understanding and continued partnership as we navigate this change together.

Best regards,

Panasonic Industry Europe
