

## Nabin Pande from TTI wins Harwin's prestigious Chairman's award

*Recognises dedication, improved service levels and increased efficiency*

**Portsmouth, May 2009...** Harwin, the leading manufacturer of connectors and interconnect solutions for high-reliability applications, has named Nabin Pande, Corporate Product Manager Connectors, at TTI in Europe as the recipient of its annual Chairman's Award.

The Chairman's Award recognises the hard work of individuals within Harwin's global distribution network that have made a significant contribution to the company's success. Presenting the award personally to Nabin Pande at the European headquarters of TTI, Inc. in Munich, Harwin's Chairman Damon de Laszlo commented: "You have been cited to receive this award for the following reasons: your dedication to Harwin as a supplier; the work that you have done to improve service levels between our two companies; the high levels of support offered; and the impact you have had on the efficiency with which TTI and Harwin do business. It is with great pleasure and thanks that I present you this award."

Added Nabin Pande: "I am honored to receive the Chairman's Award. This achievement has been made possible by the team approach adopted by Harwin and TTI. Our relationship relies on the attitudes of both partners, working together and learning from each other. I appreciate the award very much, and would like to thank all team members at Harwin for their tireless support in developing our relationship."
