

TTI, Inc. – Never Short on Solutions

TTI Inc adds precision interconnect solutions from PRECI-DIP

High quality contacts and sockets for a wide range of applications

January 2014 – TTI, Inc., the world's leading specialist distributor of passive, connector, electromechanical and discrete components, has signed a European franchise distribution deal to represent PRECI-DIP, the Swiss manufacturer of high-reliability contacts and electronic connectors. These connectors are used in many different industry sectors, including the defence and aerospace industries. The agreement extends PRECI-DIP's existing agreement with TTI covering the Americas.

PRECI-DIP has developed high-speed turning machines capable of producing 150 million precision contacts per week. PRECI DIP also has integrated plating lines, plastic injection molding and automatic assembly processes, all of which allow for fast response times and are flexible to customer needs. Spring-loaded contacts are also a key product of the PRECI DIP portfolio. PRECI DIP has developed patented Mil/Aero Spring-loaded contacts that are made in accordance with the stringent aerospace standards and are used in aircraft, missiles, helicopters, as well as other sensitive applications.

Comments Ronald Velda, Director, Supplier Marketing Europe – Connectors & Emech at TTI, Inc.: "PRECI-DIP offers a wide range of high quality, precision contacts and connectors as well as the ability to custom-design contacts developed in close partnership with our customers. We believe that their pin and socket and spring loaded products, as well as their range of PCB connectors and standard SIL, DIL, TO, PGA, BGA and PLCC sockets and will be very useful to European design engineers."

Added (Tanguy Tronel, Director, Global Sales and Marketing) at PRECI-DIP: "We are delighted to extend our successful partnership with TTI to cover Europe. We are looking forward to working in close cooperation with TTI's knowledgeable staff to ensure that our innovative interconnect solutions are readily-available to design engineers across Europe."

About TTI, Inc.

TTI, Inc., a Berkshire Hathaway company, is the world's leading specialist distributor of passive, connector, electromechanical and discrete components. TTI's philosophy is "Lead by Design", and the company differentiates itself by focusing on people, parts and process. TTI in Europe strives to be the distributor of choice for customers and suppliers alike by introducing new product technologies and by stocking broad and deep inventory across its franchise base. TTI's sophisticated inventory management system ensures the ability to service changes in demand due to fluctuating markets and supply chains.
