

energy|mate®

Advantages

- up to +/- 10 mm guide range for blind mating possible
- IP20 or IP68 / IP69K in mated condition (fixed installation - floating on request)
- up to 325A / 1000V
- possibility of additional power and / or signal contacts as well as HVIL by using the modular system

Application

- „Blind mating“
- energy storage
- battery connections
- switch cabinet
- machine building

Technical features

Climatical Characteristics	Standard	Value
climatic category	IEC 60068-1	40 / 125 / 21
upper temperature	IEC 60512-11-9	+125°C
lower temperature	IEC 60512-11-10	-40°C
Mechanical Characteristics	Standard	Value
mechanical operation	IEC 60512-9-1	≥ 500 mating cycles≥
Materials	Standard	Value
module frame		PA-GF
flammability	UL 94	V-0
floating washers		steel Ni-plated
MS bolts		steel Zn-plated
sealings		NBR

Front mounting: fixed and floating installation possible.

Rear mounting: fixed installation possible. Tolerance compensation via the application

All heavy|mate M modules can be used (see heavy|mate catalog):
