**Product Discontinuation Notice of the lead diameter**  
**PSC series of Conductive Polymer Aluminum Solid Capacitors**

To whom it may concern,

Thank you for using our products.

We would like to inform you the discontinuation and integration of lead diameter of PSC series.

**1. Products to be affected**

Item: Conductive Polymer Aluminum Solid Capacitors

Relevant Serie	Case Size Code ( $\phi D \times L$ [mm])	Rated Voltage [Vdc]
PSC	HB5 ( $\phi 8 \times 11.5$ ), JB5 ( $\phi 10 \times 11.5$ )	From 2.5 to 10

Note) Products with a rated voltage of 16V are not included.

**2. The contents of change**

Discontinuation and integration of lead wire diameter

Performance	There are no changes to the electrical characteristics and reliability specifications.	

**3. Background**

These products have been used by our customers for a long time, but in recent years, the range of products has diversified, which has become one of the reasons for our company's declining productivity.

Going forward, we will strive to improve production efficiency and ensure a smooth and stable supply by integrating the products into our recommended alternative products.

**4. Schedule**

Current products (Discontinuation)	The last order date	July 2026
	The last shipping date	January 2027
Integrated products	Production start date	October 2025 onwards

**5. Others**

For individual products and other inquiries, please don't hesitate to contact your local representative and our sales.

We would like to ask you review the attached Acknowledgement Form and return a signed acknowledgement through the normal sales channels by **Jan. 30th**, 2026. If we have not received a returned acknowledgement form from you before the change, we will conclude that the acknowledgement has been received and approved.

Sincerely yours,
