

Product Change Notice

PCN#: EE-PCN26028

July 13, 2026

CLASSIFICATION OF CHANGE:

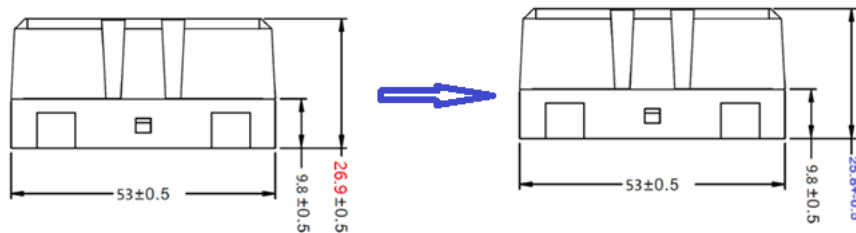

Mechanical design changes

DESCRIPTION OF CHANGE:

The HMX-111 mechanical design has been improved to eliminate the excessive pillars.

The total height of the HMX-111 has been changed from 26.9mm to 25.8mm.

REASON FOR CHANGE:

The HMX-111 mechanical design has been improved to reduce the excessive pillars. With this change, the HMX-111 eliminates interference between the fuse body and the mounting screw during installation. As a result, please note that the total height of the HMX-111 has decreased from 26.9 mm to 25.8 mm.

EXPECTED INFLUENCE ON QUALITY, RELIABILITY, AND PERFORMANCE:

There is no influence on quality, reliability and performance.

PARTS FAMILIES AFFECTED:

Material Number	Catalog Number
HMX-111	HMX-111

TIME SCHEDULE:

Effective immediately

SAMPLE AVAILABILITY:

Available upon request
