Product Discontinuation Notice - BMR313

Reason for end of life

Building practice and components continuously evolves in our industry. This takes our offering of products to a state with better performance and reliability levels. In the BMR313 case, we have taken the step to our second generation within the same dimensions and footprint. Flex Power Modules has therefore taken the decision to discontinue BMR313 from our offering.

BMR313	
Product number	BMR3131011/001 (LGA)
Mechanical	
Dimensions	23.4 x 17.8 x 7.65 mm 0.92 x 0.70 x 0.30 in
Electrical specs	
Input voltage range	38-60V
Output voltage	9.5-15V
Output power/current	1000W, 3000W peak
Efficiency	97.2 % peak efficiency
Isolation	No isolation
Other features	- Designed for applications with high power demands and board-space limitations - LGA industry standard footprint and pinout
