

PCN C020260508: **Discontinuation of AC switch importation and product sales from Carling Technologies LTD related to the EU LVD**

Issue Date: May 26th, 2026

Dear Valued Customer,

This notification is to inform you of a change affecting our **AC rated switch products**

Description of the Change:

- Following a recent review of regulatory requirements applicable to the European Union, we have identified compliance constraints affecting ONLY our AC rated switch products.
- After thorough evaluation, redesigning these legacy switch products to meet updated requirements is not feasible
- As a result, we will discontinue sales and importation of these products into the European Union, effective immediately. Details of impacted parts are on the second page of this notification

Reason for The Change:

- Identification of compliance constraints affecting ONLY our AC rated switch products

Effective Date of the Change:

- Effective immediately.

Impact to customer:

- Products will no longer be supplied for EU applications.
- Availability for markets outside the European Union remains unchanged.
- No immediate impact to existing installations in service.

We understand this may create challenges, where suitable alternatives are available our teams can work to provide this information to limit immediate disruption to supply

If you have any questions, please feel free to contact your Littelfuse Customer Service Representative or your Inside Sales Representative for details of open orders and forecasts. We appreciate your business and our continued partnership.

Sincerely,

Karin Toogood
