Overview

- The steady rise in UD8 module demand in China, driven by increasing OEM, Molex has seen an increase in demand for GPCM WDC (Series 203200) resulting in high loading rates triggering a backlog and premium air freight expenses. In anticipation of additional increases in demand, Molex is adding capacity for our WDC by investing in an 4-cavity mold in Chengdu.
- Product Impact: no impact to fit, form or function
- Part Number Impact: see attached impacted parts list
- Qualification Reports and samples available upon request
- PCN will be implemented once all required qualification/ validation has been completed and all necessary approvals have been obtained.

RELEASED

PCN Qualification and Validation Plan

- Below is the List of Part Numbers will be used for internal qualification & validation purposes.
- Samples and Qualification data will be provided upon request.
