

Product Change Notification

Date Issued :	September 07, 2026	PCN Number :	518830
Reason for Change :	Retraction Change Supplier Equipment Transfer, Production Transfer or Rearrangement		
Description of Change :	This PCN is a partial retraction of previously issued PCN 517140 that was communicated to you. Please refer to the information below for details regarding the amendment.		
Planned Implementation Date :	October 31, 2026		

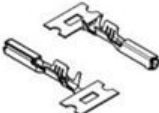

Overview

- This PCN is a partial retraction for the previous PCN 517140. Globally, Molex will be consolidating from offering 2 grip styles (SAE & ISO) to 1 (ISO grip only).
 - Initial scope of PCN517040: offering China production of both SAE & ISO grip terminals.
 - New scope of PCN: offering China production of only ISO grip terminals, SAE grip is retracted for China.
 - ISO grip part is approved for use with JASO, SAE and ISO wires (0.35/0.50/0.75mm² & 18/20/22 AWG).
 - SAE grip part production will remain in USA until further notice and remains only applicable with SAE wire (TXL – 18/20/22 AWG).
- Product Impact
 - No impact to part fit, form or function.
- Part Number Impact

334680003
334680004
334680001
334680002
- No Qualification reports, PPAP, or samples will be available for the part numbers impacted due to the retraction.

Overview of the previous PCN 517140

■ MX64 (Sn) rcpt Terminal 	

Document generated on : July 08, 2025, 01:19:25(UTC+ 1)

After Picture

Overview

- THIS PCN will be applied to Chinese customers only. All below changes will impact Chinese customers only.

- Existing MX64 Sn rcpt terminal are produced in Molex Lincoln Nebraska Plant, in order to mitigate the tariff impact between US-China, and to meet the Chinese customers' expectation on "local supply chain", we plan to duplicate the tooling in China to supply Chinese Customers' demand. The Tooling will be the exact duplication of the current tool.
- We will qualify additional raw material supplier to ensure material supply continuity. The additional source supplier is already an existing metals supplier qualified by Molex on other copper alloys. The additional supplier source will only affect product produced in China. New material supplier will help Molex keep up with current and future demand in China Market.
- The above change will follow qualification process of Molex. No change on fit, form and function.
- With this change, Molex Chengdu plant produced parts will be delivered to Chinese customers. Molex Lincoln plant produced parts will be delivered to all other regions except for Chinese customers.

- Product Impact: "no impact to fit, form or function"
- Part Number Impact: see attached impacted parts list
- Qualification Reports and samples available upon request
- PCN will be implemented once all required qualification/ validation has been completed and all necessary approvals have been obtained.
