Product Type: MHz Ceramic Resonator : CSTL-E, CSTL-Series(Lead-type)

Please refer to the attached documents for detailed Part Numbers' information.

2. Reasons/Background:

CSTL-E/-S series (lead-type resonators) has been on the market for several decades, and demand for this product has significantly declined.

In addition, concerns regarding the ability to maintain continuous supply due to factors such as aging manufacturing equipment and material procurement have been growing year by year.

In particular, certain materials used in this product contain PFAS-regulated substances, and there are significant concerns regarding the continued availability of these materials going forward.

For these reasons, we have decided to file an End-of-Life (EOL) request for this product.
