D2FC, D2FP Sub-Miniature Basic Switch - Part Number Consolidation

Effective as of our production at the end of March 2026, there will be a consolidation of the D2FC and D2FP model part numbers allowing Omron to focus on datasheet items. All D2FC and D2FP models will have the (STD) in the nomenclature removed and a new internal product code will be assigned. This will not affect nor change the specifications or characteristics of the switch. Should you have any questions, please communicate with your local OMRON Sales Representative.

NOTE 1: The D2FC and D2FP series of Sub-Miniature Basic Switches are NOT being discontinued

Effective Date:

End of March 2026 (March 31, 2026)
