DATE: February 2026

PRODUCT: B3FS-4 series – Tactile Switch

TYPE: MODIFICATION – Lot Code Marking and Base Mold Gate change

B3FS-4 series Tactile Switch - Lot Code Marking and Base Mold Gate change

In an effort to enhance our production process, Omron will change the lot code marking and base mold gate position of the B3FS-4 tactile switch series. The changes will take effect as of our production starting June 2026. This modification will explain the changes of the lot code marking and base mold gate position. This change will not alter the technical specifications or external dimensions of the Tactile Switch. The models affected include the models listed below. Should you have any additional questions; however, please communicate with the Switch Product Manager.

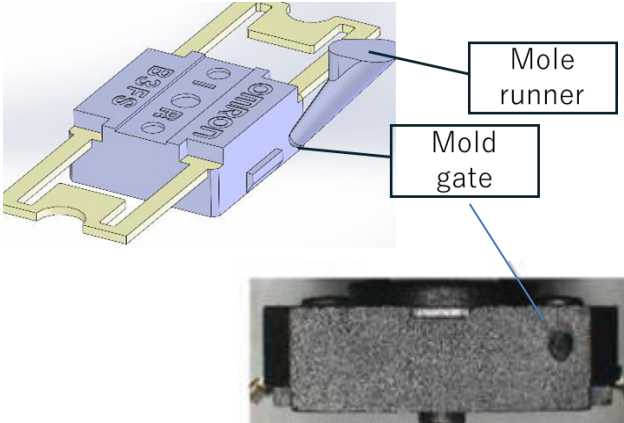

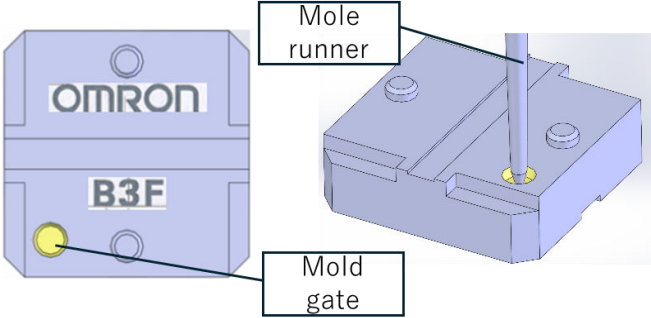

Effective Date:

Effective as of our production in June 2026

Details of the Changes:
