

Product change notification (PCN)

Title / short description	Approval and printing change on HC-M-02-AT
Affected article category	Connector
Change category	Form and appearance, Approval
Change number	CAF250032-00
Reason for PCN/PDN Revision	

Purpose/objective of the change

As part of the continuous improvement process, the UL and CSA certifications are being extended. The product markings and label will be updated accordingly

Detailed description of the change

As part of our continuous commitment to quality and regulatory compliance, the affected products have received enhanced UL and CSA certifications. To reflect these upgraded approvals, the product markings will be updated accordingly. The improved certifications and updated markings offer the following advantages:

Expanded acceptance in global markets through strengthened UL/CSA compliance.

Simplified product integration for end users and system certifiers due to updated labeling transparency.

Identifying characteristics

The changes to the printing are listed in the attached PDF file.

Start of Production (SOP)	-	Last Time Delivery (LTD)	-
Effective date (EOP)	2026-07-06	End of Service (EOSR)	-
End of Sales (EOS)	-		

Short-term change (< 6 months) or discontinuation (< 12 months), due to:

- | | | |
|---|--|--|
| ☐ Software / Firmware Bugfix | ☐ Short-term delivery stop by supplier | ☐ Short-term recall by supplier |
| ☐ Force majeure | ☒ Product improvement with customer benefits | |
| ☐ Others | | |

CAF250032

Change Description

We would like to inform you about an upcoming product improvement concerning the items listed in this notification. As part of our continuous commitment to quality and regulatory compliance, the affected products have received enhanced UL and CSA certifications. To reflect these upgraded approvals, the product markings will be updated accordingly. The improved certifications and updated markings offer the following advantages:

- Expanded acceptance in global markets through strengthened UL/CSA compliance.
- Simplified product integration for end users and system certifiers due to updated labeling transparency.

These updates affect only the markings on the product surface. The product design, functionality, materials, and performance characteristics remain unchanged.
