

# Product change notification (PCN)

**Title / short description** Approval and printing change on MCR-SL-CUC-xxx  
**Affected article category** Energy monitoring  
**Change category** Approval, Documentation, Marking  
**Change number** CCM260051-00  
**Reason for PCN/PDN Revision**

## Purpose/objective of the change

Removal of EAC and UKCA approval

## Detailed description of the change

As part of our ongoing product maintenance, we would like to inform you that the UKCA and EAC markings will no longer be applied to the attached items in the future.

EAC: The EAC certification will be removed, as the existing certificate is no longer valid. Renewal or re-certification is not planned.

UKCA: The CE marking fulfills all relevant requirements, so an additional UKCA marking is not required. To ensure clarity and uniformity in the product labeling, this will be removed. CE marking remains unchanged. This change has no impact on the product specification, quality or conformity with the applicable EU directives.

## Identifying characteristics

Marking, packaging labels and documentation

<b>Start of Production (SOP)</b>	2026-05-01	<b>Last Time Delivery (LTD)</b>	-
<b>Effective date (EOP)</b>	2026-05-01	<b>End of Service (EOSR)</b>	-
<b>End of Sales (EOS)</b>	-		

## Short-term change (< 6 months) or discontinuation (< 12 months), due to:

- |                                                     |                                                                     |                                                        |
|-----------------------------------------------------|---------------------------------------------------------------------|--------------------------------------------------------|
| <input type="checkbox"/> Software / Firmware Bugfix | <input type="checkbox"/> Short-term delivery stop by supplier       | <input type="checkbox"/> Short-term recall by supplier |
