

Product change notification (PCN)

Title / short description	Industrial communication products, removal of EAC approval and removal of packing slip in paper form
Affected article category	Industrial communication technology
Change category	Approval, Material
Change number	CDN250071_1-00
Reason for PCN/PDN Revision	

Purpose/objective of the change

Removal of EAC approval, removal of packing slip

Detailed description of the change

Due to the expiration of the EAC approval, the EAC logo will be removed from our product marking, packaging labels, and related documentation. If present, the UKCA logo will also be removed. In our effort to support environmental sustainability, the packing slip will no longer be included in paper form. Instead, a QR code will provide access to the latest documentation. This QR code will be added to the product marking if it is not already present. Please note that all product characteristics, as described in the data sheet, remain unchanged. The new product versions will be fully downward compatible. For more information, please refer to the attached document.
