

Product discontinuation notification (PDN)

Title / short description	RAD-900-ANT-OMNI-2-N antenna, RAD-PIG... and RAD-CAB... antenna cables, discontinuation
Affected article category	Industrial communication technology
Change category	Discontinuation
Change number	IDN250004_DNC6A3-00
Reason for PCN/PDN Revision	

Purpose/objective of the change

Discontinuation

Detailed description of the change

The RAD-900-ANT-OMNI-2-N antenna and the RAD-PIG... and RAD-CAB... antenna cables listed below are being discontinued. Due to market developments, continued production and distribution of these items is no longer commercially feasible for Phoenix Contact.

Limited stock remains available and is expected to last until the specified discontinuation date. All orders are subject to availability, so we encourage placing orders early. For details regarding remaining quantities and delivery dates, please contact the Sales department.

- As an alternative to the discontinued single-band antenna, you can use the ANT-OMNI-0671-02 multiband antenna, item number 1396318. This new antenna is protected against vandalism and supports a wider frequency range. Its dimensions are identical to those of the discontinued model.

- The alternative antenna cables are listed below. These new cables support a wide frequency range up to 7.25 GHz and are well suited for Wi-Fi 6 and 5G applications. They are flame-retardant, UV-resistant, halogen-free, and classified according to UL 94. The cables are also future-proof thanks to lead-free materials.

Identifying characteristics

Start of Production (SOP)	-	Last Time Delivery (LTD)	2027-04-30
Effective date (EOP)	2026-04-30	End of Service (EOSR)	-
End of Sales (EOS)	2026-10-31
