

PRODUCT LIFECYCLE BULLETIN

M40 Series

06th May'25

Dear Customers and Partners,

This bulletin provides an overview of the lifecycle for the M40 Series connector.

The lifecycle of the parts outlined in Schedule A are changing from **Active** to **Obsolete**, meaning these parts will no longer be available after last-time-buy (LTB) orders have been delivered. The lifecycle of the parts outlined in Schedule B are changing from **Active** to **Inactive**, meaning these parts will not be manufactured as standard, but may be supported upon request; however, price, minimum order quantity (MoQ) and lead time will be confirmed for each request for quote (RFQ).

We are offering our Customers and Partners an opportunity for a last-time-buy (LTB) for parts in Schedule A, purchase order (PO) for which must be placed by **31st July 2025**. Please note that all price books which include part numbers from M40 series connector will be invalid with immediate effect. So, for LTB, please send your request for quote (RFQ) to your usual contacts in Sales or Customer Service.

Please note that while we will endeavour to support all our Customers and Partners for the LTB, this offer is subject to availability of parts and components and to that end Smiths Interconnect reserves the right to cancel or materially amend the offer.

If you have any questions or require any clarification, please do not hesitate to contact our local Sales representatives.

Joydip Sanyal
