

PRODUCT LIFECYCLE BULLETIN

SPF Series

02th September 2026

Dear Customers and Partners,

The bulletin provides an overview of the lifecycle of the SPF Series connector.

The lifecycle of all the part numbers starting with 'SPF....' (for example, **SPF160SMMA1019, SPF160SFBL1041, SPF160SFPE1009, etc.**) will change from **Active** to **obsolete**, meaning all the parts and the components within the bill of materials in the entire product series will no longer be available.

Regrettably, we are unable to offer a Last Time Buy (LTB) opportunity for this product series, we thank you for your understanding.

If you have any questions or require any clarification, please do not hesitate to contact our local Sales representative.
