TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
TE plans to optimize the label content on the inner packaging bags

Description of Changes
To improve the traceability of Plug products and prevent discrepancies between product labels and outer carton labels, we have optimized the label content on the inner packaging bags and added a barcode to link the inner labels with the outer labels, ensuring consistency. This change applies only to the labels inside the cartons and is specific to TE. It does not affect the outer labels, nor does it affect the products dimensions, structure, or functionality.
