

# Product Change Notification

Current Date: 10-Jul-2026

## TE Connectivity

Product Change Notification: P-26-030384

PCN Date: 25-MAY-26

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

### General Product Description:

PCN\_A\_01\_Others

### Description of Changes

Please be informed about an agreement product change notification (PCN), further details can be found in attached presentation.

#### Other attachments:

[PCN presentation](#)

### Reason for Changes:

As a result of through analysis of demand picture, matching our customer needs, we are going to optimize value stream of PNs in scope of this PCN. This transfer will support the need of our customers for shorter lead-times and optimized value streams.

#### Estimated Dates:

Last Order Date (Obsolete Parts Only):

First Date To Ship (Changed Parts Only):

09-JUL-2026

Last Ship Date (Obsolete Parts Only):

Last Date for Mixed Shipments: (Changed Parts Only):

No Mixed Shipments

### Part Number(s) being Modified:

| Description of Changes      | <p>This product Change Notification (PCN) is to inform about Manufacturing Location Change impacting PNs listed in the PCN, from TE <b>Tangier TFZ</b> to TE <b>Tangier TAC2</b>, according to VDA trigger matrix no. 29 and AIAG section 3.1 item 4. The change has no impact to form-fit-function.</p> <p>TE Change process follows a strict procedure, which fully maintains quality and ability to supply. Internal release process is ensured by TE, including product validation as per OEM/CAM requirements (when applicable). Validation will be initiated and completed according to project plan, as soon as samples are available.</p> <p>PPAP/ PPA and samples will be prepared (as per agreements between the two parties). A PPAP request via <a href="http://www.te.com">www.te.com</a> needs to be initiated by Customer in 2 weeks after the creation date of this PCN. In case no request is obtained till above mentioned date, PPAP/ PPA will be considered as approved, and the change is considered as fully released.</p> <p>Please use below link for samples: <a href="#">Samples PPAP Requests   TE Connectivity</a></p> |                               |                       |                   |
| Reason for Changes          | As a result of a thorough analysis of demand picture, matching our customer needs, we are going to optimize value stream of PNs in scope of this PCN. This transfer will support the need of our customers for shorter lead-times and optimized value streams.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                               |                       |                   |
| Risk Assessment             | TE performs an internal risk assessment and defines actions to mitigate the pre-identified risks before any planned changes to part and process.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                               |                       |                   |
| Impact to Fit Form Function | Yes                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                               | No                    |                   |
|                             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                               | X                     |                   |

| Change Notification<br>(first shipment date estimate – dd/mm/yyyy) | 09/07/2026 | <i>The provided date is an estimation only and may change depending on demand fluctuations and other external factors. PPAP will be provided once product and process validation is complete.</i>                 |
| PPAP Request                                                       |            | <i>Please request the PPAP/ PPA in <a href="http://www.te.com">www.te.com</a><br/>PPAP/ PPA package will be prepared (as per agreements between the two parties, including the negotiated TE trigger matrix).</i> |

# Change Management Process Description and Status

1. **Change Notification (PCN):** A formal communication from TE to the customer indicating an upcoming change.
2. **PPAP/PPA and Samples Request:** The customer must request PPAP/PPA and samples within two weeks of the notification date.  
Please confirm whether PPAP/PPA and samples are required at this stage.  
Contact your TE Sales representative within two weeks of receiving the Change Notification.  
Submit your samples request at: [Samples PPAP Requests | TE Connectivity](#), and PPAP request at: [www.te.com](http://www.te.com)
3. **Change Implementation:** TE conducts internal processes to execute the change.
4. **PPAP/PPA Package Preparation:** TE begins preparing the PPAP/PPA packages. The customer will receive an automated notification from the [www.te.com](http://www.te.com) ePPAP system.
5. **PPAP/PPA Submission:** The PPAP request is made available and submitted to the customer. Samples will be provided if applicable.  
Following submission, please provide approval within four weeks. If approval is not received within this timeframe, TE will proceed with the change to avoid delivery delays.

# Validation Scope - Details

The change follows a strict procedure, which fully maintains quality, ability to supply and form-fit-function of the concerned products, including internal release and product validation as per OEM/CAM requirements, where applicable.

The TE manufacturing locations operate under a certified quality management system in accordance with defined requirements.

In case of changes impacting product families, and PPAP is required, TE will provide a family PPAP.

This will be based on a representative part-number of the family and will approve all part-numbers impacted by the mentioned change.

Samples will be available to high runners upon request.

# Customer Feedback

Dear Customer,  
Please review this PCN and in case of questions get in touch with [Adnane.souissi@te.com](mailto:Adnane.souissi@te.com).  
In case of commercial related questions please get in touch with your TE Sales representative.

Please check below on which process step is the project.
