TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Notification of change in manufacturing location for specific Raybraid parts

Description of Changes

As part of TE Connectivity's ongoing commitment to safety, sustainability, and operational excellence, we are informing you of a change to the manufacturing location for the specific Raybraid part numbers included in this change notification.

Reason for Changes:

Product improvement. This has been implemented to provide dual manufacturing capability in order to maintain robustness of supply. As there has been no change to the material composition or finished product, all products will continue to meet the requirements of their applicable TE specifications and performance standards. Relevant external certification and approval agencies have been notified, as required. This notification is provided as part of our commitment to keeping our customers informed of changes within our manufacturing network. If you have any questions regarding this notification, please contact your TE Connectivity representative.
