TE Connectivity

Product Change Notification: PCN-26-289722

PCN Date: 28-AUG-26

Customer: TTI Inc (1305175)

Location: Maisach-gernlinden

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

Product Description: (Text limited to 120 characters)

MaxiBridge female connector 2pin.

General Description of Changes

Following the previous PCN-25-254668 to introduce the product location from TE Lamphun to TE Suzhou plant, TE Connectivity will introduce another production location TE Tangier plant in Morocco to produce this product PN 364198-E. There will be no expected impact on the form, fit, or function of the affected products at this time. The expanded plant will be conducted in accordance with a strict internal procedure designed to ensure that product quality, supply capability, and form-fit-function remain unaffected. The new manufacturing site operates under a certified quality management system, compliant with recognized industry standards. An internal qualification and release process, based on our specifications, will be completed prior to the shipment of any products from the new location to ensure performance and compliance. As a result of our continuous strive for improving our processes; thorough analysis of demand picture, matching our customer needs, we are going to optimize value stream of part numbers in scope of this PCN. This capacity expansion will support the need of our customers for shorter lead-times and optimized value streams. A TE-internal release test based on the relevant part specifications will be executed before delivery. If you require a PPAP, a request via ePPAP (via www.te.com or request to TE Sales representative) needs to be initiated by Customer. PPAP/PSW will be prepared (as per agreements between the two parties, including the negotiated TE trigger matrix). In case no request is obtained till mentioned date, PPAP/PSW will be considered as approved and the change is considered as fully released."

Reason for Changes:

2nd source for PN 364198-E

PCN Attributes:

Product Category:	Kind of Change:
Connectors	Purchase or Supplier Change
Change Feature:	Potential Customer Impact:
No Feature Change	Purchase or Supplier Change
Remarks:	

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Ship Date of Changed Items (Changed Parts Only):
	28-NOV-2026
Last Ship Date of Changed Items (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	No Mixed Shipments
Effectivity Date:	Date of First Samples:
31-AUG-2026	

Part Number(s) being Modified:

Part Number	Part Discontinued per PCN	Customer Drawing	Customer Part Number	Alias Part Number(s)	Substitute Part Number	Substitute Alias Part Number(s)	Description Of Difference
364198-E	NO		ERN364198-E
