| <b>Description of Change</b> | <p>TT Electronics is adding new detail to the datasheet of PFC family and enhancing the Ordering Procedure with uniform part number coding.</p> <p>Datasheet change (See <b>Appendix A</b>):</p> <p>1-ESD Sensitivity value updated for each size</p> <p>Ordering Procedure enhanced and simplified (<b>Appendix B</b>):</p> <p>2-From 2 Ordering Procedures ('European (Welwyn)', 'USA(IRC)') to one single Ordering Procedure</p> <p>All the crossing included into Excel File distributed with this PCN, with the name as <b>Appendix B: PCN-2025-RBU10 PFC COMMERCIAL SERIES PART NUMBER CHANGE APPENDIX B</b></p> |
| <b>Reason for Change</b>     | Adding ESD detail at size-specific level and reducing confusion and order handling mistakes from customer purchasing departments.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
