Change Detail	
Description of Change	Products Obsolete.
Reason for Change	Product obsolescence due to obsolescence of the source semiconductor die material by the supplier. Due to low sales and no alternative die and therefore no alternative products are available.
Implementation Plan	Obsolete with immediate effect due to no die stock available.
Customer Impact	Impact is expected to be low. Impact to customers/end-users could be high where products are designed into qualified systems / sub-systems in Hi-Rel applications.
Recommendations	Customers consider their future demand requirements and discuss with TT sales. Any new demand will need to be considered as part of a new product introduction project.
Availability of Previously Manufactured Product	None stock available.
Availability of Approval Samples	Not Applicable
