Description of Change: The labeling of Vishay ESTA PEC tubular capacitors in aluminum cans will be changed from inkjet printing to self-adhesive labels within our activities for process streamlining. Production using inkjet printing will continue until existing consumables are depleted:

This change does not affect part numbering, ordering codes, or product performance.

Reference images comparing the current and new labeling methods are provided for review.

Reason for Change: Discontinuation of the supply of the ink.

Expected Influence on Quality/Reliability/Performance: None

Part Numbers/Series/Families Affected: Please see materials list on the succeeding page.

Vishay Brand(S): Vishay ESTA

Time Schedule:

Start Shipment Date: Saturday August 1, 2026

Sample Availability: Not before 01.08.2026

Product Identification: Part numbers 5181- of Loni/India production and 5191- of Blatna/Cech Republic

Qualification Data: upon request

Issued By: Stephan Brieller, stephan.brieller@vishay.com

Change in labelling of Vishay ESTA PEC tubular capacitors in Aluminum can to adhesive labels instead of inkjet print

Comparison

PRINTING QUALITY

Example:

METHOD OF PRINTING	INKJET (Before Change)	PLASTIC Labels (After Change)
Printing image	 The image shows a cylindrical aluminum capacitor with a white plastic top. The label is printed directly onto the metal surface using inkjet technology. The text on the label is somewhat faded and difficult to read due to the metallic background and the printing quality.	 The image shows a similar cylindrical aluminum capacitor with a white plastic top. This one has a white adhesive label pasted onto the metal surface. The text on the label is clear, legible, and matches the information on the inkjet-printed label.
